Field Use Liability Waiver

You understand that you are using the Randolph Youth Soccer fields at your own risk and agree NOT to hold the Town of Randolph, Randolph Youth Soccer Association, its Board of Directors (individually and collectively), volunteers and families, liable in the event of injury, death or loss of property.

Randolph Youth Soccer Association (RYSA) has set the following procedures to ensure the safety of participants and prevention of long term, irreversible damage to the park, field and/or facility. RYSA reserves the right to deny/revoke an activity or event from use of its fields and facilities and/or require an activity to conclude due to inclement weather, unsafe/poor field conditions and/or failure to comply with those rules/regulations set forth by RYSA.

RYSA requires that any organization or entity providing activities or programs to children 18 years of age or younger provide written documentation that a CORI (Criminal Offender Registry Information check) is performed on all staff and volunteers working directly with the youth, in accordance with Massachusetts General Law. In an effort to further protect the children of Massachusetts, Chapter 385 of the Acts of 2002, "An Act Further Protecting Children", was signed into law by Governor Jane Swift in November 2002. The law imposes several new requirements, including "...any entity or organization primarily engaged in providing activities or programs to children 18 years of age or less or that accepts volunteers, shall obtain all available criminal offender record information from the criminal history systems board prior to accepting any person as a volunteer."

Organizations requesting a field permit must submit in writing on their organization's letterhead, a letter stating that all staff, coaches, and volunteers have had a CORI check conducted on them as required by Massachusetts Youth Soccer Association. A list of these league members must be listed in this letter. A copy of the actual CORI check may be requested, if necessary. This letter must be signed by your organization's authorized CORI officer. A new CORI must be done for each permit/each season. Staff, coaches and volunteers cannot begin working with your program until a CORI check has been completed on them. If this is not received a permit will not be issued.

You also understand that the attached permit is solely for the days, dates and event(s) requested.

PLEASE NOTE:

FIELD PERMIT REQUESTS ARE NOT AUTOMATICALLY RENEWED AND APPLICANTS MUST REAPPLY FOR EACH ACTIVITY

Further, you agree that it is your responsibility to obtain additional permit from the Town of Randolph for activities, where applicable.

No illegal activities are permitted. If we are made aware of any such activities, your event will be canceled and no refund will be issued.

Refunds will not be granted for rentals that are canceled less than 7 business days before the rental date or if the rental is canceled after it has started. In the event of misuse of fields for any activities other than that for which this permit is granted, refund will NOT be provided.

Application Checklist

All of these documents must be provided in your application packet before permit granted and use of field and/or field facility is allowed.

P.O. Box 833
Randolph, MA 02368

_____ Completed and signed application

_____ Insurance certificate enclosed or sent to Randolph Youth Soccer immediately upon receipt **OR**

_____ Liability Insurance will be obtained from RYSA at a cost of \$22.00 per person

_____ CORI Compliance letter attached

For fee payment please make check payable to **Randolph Youth Soccer Association** and permits will be granted when all outstanding permit fees are paid in full.

The above information must be received by RYSA in order to receive a permit. Permit allocations will be based on availability and scheduled renovations, implemented by RYSA. Simply because a field looks open and available does not mean use will be permitted. The field may be scheduled for maintenance or renovation or have been renovated with controls that are not readily visible, or may have been deemed unusable by RYSA. If RYSA determines an organization/individual has used a field, without permission during renovation or maintenance period, the user may be subject to loss of any existing permits or future consideration of one.
